## New Attacks Launched In Area Of Captured City

### Soviet Advance Takes Forces To Latvian Border

Lida Is Captured—Street Battles Raging In City Of Wilno

#### FIVE MAJOR THRUSTS BY REDS DEVELOP

(BULLETIN)  
MOSCOW, July 10.—(INS)—The main Nazi communications network linking defense bastions throughout the Baltics was endangered today by on-rushing Soviet legions which swept forward along a broad front in pursuit of German troops retreating along their tottering railroad lines.

In their drive, the Reds reached the Latvian border at Druva, occupied the Polish rail hub of Lida controlling lines to both Riga and Warsaw and fought street battles in the streets of Wilno, 56 miles to the north of Lida.

MOSCOW, July 10.—Red army legions stood at the Latvian border today, following the capture of the important rail junction of Lida, and fought bitter street battles with the Germans in the city of Wilno (Vilna), 56 miles to the north.

Driving the Nazis back toward their next major defense line in the east, Soviet troops were developing five major thrusts along a 500-mile front stretching from Latvia to the Bug river in Nazi-occupied Poland.

Nearing Pinsk  
Russian spearheads knifed their way to within 25 miles of the strategic Latvian rail junction of Pinsk (Daugavpils), while other Russian forces to the south smashed to within 17 miles of Pinsk.

In Wilno, Soviet tanks, infantry and cavalry fought their way through street barricades and hemmed the Germans back in savage house-to-house fighting. Russian troops wiped out a large number of Nazi paratroopers who landed in the town yesterday morning in a desperate last-minute effort to bolster the crumbling German garrison. They seized the city's airfield and the area of the main railroad station despite the stubborn resistance offered by five picked enemy regiments reinforced by troops who

### PA NEWC Observes

How long ago was the federal building on the public square erected? A few years ago you answer? The record on the cornerstone shows that it was constructed in 1933, or eleven years ago.

While several sections surrounding New Castle appeared to have received rainfall over the week end, the weatherman missed New Castle and its immediate surroundings and the torrid weather continues.

Although many residents have been attempting to save their lawns by use of the garden hose, it appears that in a majority of cases the effort has failed. Lawns around the city look much like the last of August, being badly burned out.

Weather conditions of the past two weeks have certainly been ideal for harvesting of hay and wheat. Pa News would surmise. Farmers should be able to get the crops put up successfully this season.

Low stage of the smaller streams of the district are a handicap to fishermen. Pa News is informed. Few fishermen are catching many fish these days.

United States weather statistics for the 24-hour period ending at 9 a. m. today follow:  
Maximum temperature, 94.  
Minimum temperature, 65.  
No precipitation.  
Total rain, 4.5 feet.

Schedule for the 24-hour period ending at 9 o'clock Sunday morning are as follows:  
Maximum temperature, 94.  
Minimum temperature, 64.  
No precipitation.

### CAPITAL OF SAIPAN AFTER AMERICAN BLASTING

Just the walls of buildings remain after U. S. land, sea and air forces had shelled and bombed Garapan, capital of Saipan, in the Marianas. When this photo was taken, the city was still the scene of street fighting between our forces and the retreating Japs. Since the island was invaded, our troops have buried approximately 8,900 Nipponese officers and enlisted men.

### Robot Bombers Continue To Strike Britain

(International News Service)

LONDON, July 10.—Allied bombers and fighters struck back today at launching platforms of the Germans' deadly flying bombs on the French coast after more of the missiles crashed down during the night on the London area of southern England, causing damage and casualties.

More robots were launched against southern England and the London area today.

### Washington Roundup

(International News Service)

In Washington today, a member of Gen. Charles DeGaulle's party disclosed details of the discussions between the French leader and President Roosevelt. The official says the discussions have gone "extremely well," and covered the subjects of control and government of liberated areas, postwar treatment of Germany, the future of France and the French empire.

DeGaulle leaves for New York today following a news conference. His experts are remaining to negotiate a formal working agreement giving power and authority to his French National Committee.

War experts say, meanwhile, that American landings on the Island of Tinian, Rota and Guam in the Marianas may come at any moment now that Saipan has been captured.

On the food front, government officials indicate beef steaks and roasts may be available in large quantities at lower ration point values this summer, but predict the return of choice pork cuts to the ration list by August 1. The War Food Administration says civilians will get less butter, Cheddar cheese and evaporated milk in July, August and September, but will receive more of some other foods including bread, eggs and potatoes. OPA is bringing fresh peaches under price control, with retail prices ranging from 14¢ to 16 cents per pound.

There are many signs in other capital circles today that President Roosevelt has finally yielded to demands of Democratic party chieftains to drop Vice-President Henry A. Wallace from their 1944 ticket. The congressional choice is Senate Majority Leader Barkley. One Democrat, Sen. Reynolds, N.C., charges the Communists have taken control of the party and intimates he may support the GOP ticket.

### Warn Germany Of Dread Disaster

MOSCOW, July 10.—(INS)—A new warning of dread disaster for Nazi Germany was broadcast by the Moscow radio today.

"The Red Army will not stop its offensive until Berlin, lair of the Hitler beast, caves in," a commentator said.

"Ahead lie still more staggering blows from the east, west and south. We have reached the last stage of the war."

WITH THE FIRST U. S. ARMY IN NORMANDY, July 10.—American infantry armored and mechanized cavalry units scored further gains today and are maintaining their progress despite unfavorable weather.

Armored forces pushing southwest in the area west of the Vire river have now reached a sector a mile north of Point Hebert.

The tanks jumped off early this morning and within a few hours progressed more than a mile thru the most rugged country. Infantry following up the tanks is clearing out enemy defenses which the tanks have overrun.

### Typhoon Planes Wreaking Havoc

Rocket-Shooting Typhoon Planes Sweep Into Nazi Lines And Support Ground Forces

SUPREME HEADQUARTERS, Allied Expeditionary Force, July 10.—(INS)—Roaring out of the thick clouds hanging only 500 feet above the battle-lines, rocket-firing Typhoon planes have started a series of spectacular attacks which brought ground support technique to a new degree of efficiency.

They swept in only 10 feet above the heads of cheering British and Canadian troops driving into Caen to send their rockets hissing into German gun emplacements a bare 35 yards ahead of the advancing troops.

Working in close cooperation with forward army units, waves of "Rocket-typhoons" blasted strongpoints, pill-boxes, mortar and artillery positions and machine-gun nests throughout the morning in spite of what was described at S. H. A. E. F. today as "appalling weather."

WITH THE BRITISH SECOND ARMY IN CAEN, July 10.—Caen, a city of death and devastation, is still being mopped up today while the British begin a new push expanding their beachhead across the Ordon river.

Meanwhile, an official Army spokesman revealed that one of Hitler's prize divisions, the Twelfth panzer, took a terrific beating in the Caen battle and is now not more than 45 per cent effective.

"You can say we gave the Twelfth panzers and another division a very hard knock," the spokesman said.

### Believe Roosevelt May Drop Wallace

See Signs President May Accede To New Running Mate For Fourth Term Effort

BY WILLIAM K. HUTCHINSON  
(U.S.S. Staff Correspondent)

WASHINGTON, July 10.—There are many signs in Washington today that President Roosevelt has yielded at last to the earnest demands of Democratic party chieftains to drop vice-president Henry A. Wallace from their 1944 ticket.

The president was almost alone in desiring renomination of Wallace. There is no authoritative sign as yet that Mr. Roosevelt has agreed with his party leaders on a nominee for the vice presidency. One school of thought among Democratic leaders favors a free-for-all contest at the Chicago convention next week on the vice-presidential nomination "with the best man winning."

A second school of thought favors a plan by which the president would disclose a list of three to five Democrats "who are acceptable to him as a running-mate."

### Organized Jap Resistance On Saipan At End

Americans Capture Vital Jap Defense Island After Long Battle

#### HOLE IS BATTERED IN JAPAN'S DEFENSE

BY REMBERT JAMES  
(Representative of Associated Press Distributed by U.S.S.)

ABOARD JOINT EXPEDITIONARY FORCE FLAGSHIP OFF SAIPAN, July 10.—(Via Navy radio)—American troops raised their flag on conquered Saipan island today after three and one-half weeks of the sharpest fighting in the Pacific war.

Jap Resistance Ends  
Organized Japanese resistance ended just before dusk yesterday when the Marines reached the sea at the northern tip of this strategic island. Some mopping up remained to be done but the major campaign was over.

Civilians still were surrendering by the hundreds.

In 23 days of battle, American forces had battered the first great hole in Japan's inner defense armor and carried the war almost a thousand miles westward. From Saipan American planes can fly across Japan's sea and air routes southward from the empire and even the Jap home islands will be in reach of long range planes.

The daring thrust from American-held western Marshall Islands to the Marianas—Saipan is only 1,260 nautical miles south of Tokyo—put United States forces directly between the Japanese homeland and the great enemy naval base at Truk in the Caroline Islands.

Japs Make Defense  
The Japs fought with every resource at their command to hold the 72 square miles of Saipan and at one stage even sent out their long-hidden fleet. The fleet retired later after losing several ships and much of its airplane strength.

On Saipan itself, garrison forces estimated at more than 20,000 fought until they were destroyed by American Marines and Army troops. The female yesterday was an ugly spectacle of senseless dying.

The Jap garrison remnants, weakened to the point of collapse after their futile counter-attack of two days previous, were trapped on the northern tip of the island along with thousands of Jap civilians.

### Quite Unhappy Oriental Rides Through Rome

BY FRANK CONNIE  
(U.S.S. Staff Correspondent)

ROME, July 10.—A very unhappy oriental rides through the streets of Rome in his heavily-guarded limousine these days and sadly surveys the bustling sights spread before him.

The slant eyes of Ken Harada, Japanese ambassador to the Holy See, encompass a scene calculated to promote little comfort for any believer in the white man's decadence.

Jeeps and tanks wheeze past the modest vehicle that transports Harada on his periodical visits to the Vatican. Allied servicemen, lean and campaign-tough, spill over the sidewalks. Yanks, Tommies and Italians seem to be carving out a co-prosperity sphere right before his very vision.

The sight, stunning diplomat, a Christian reputed to nurture a vested viewpoint until Japan unmasked itself at Pearl Harbor, has been under custody in his villa on the Via Asmara since the allied entrance.

As "special delegate" to the Vatican—Morton Taylor, President Roosevelt's personal representative, is his opposite number—Harada takes full advantage of his right to visit the Vatican on official business.

### See Wallace's Bid For Renomination

WASHINGTON, July 10.—(INS)—Vice-President Henry A. Wallace's report to the nation on his Asiatic tour was interpreted in Washington today as a renomination bid aimed at offsetting southern opposition and capturing Pacific Coast support.

In a nationwide radio address from Seattle just 24 hours after Virginia Democrats had instructed their national convention delegates to cast 24 votes against him in Chicago next week, Wallace reported that China and Russia are ready to "assure continuing peace" in a new "era of the Pacific."

### Occupation Of Saipan Decisive Step Toward Conquest Of Japan

BY MAJOR PAUL C. RABORG  
(Written Especially for U.S.S.)

NEW YORK, July 10.—The complete American occupation of Japanese Saipan is a decisive strategic accomplishment towards the defeat of the Empire of the Rising Sun.

The immediate benefits to the allied cause are numerous. It actually means that all of the remaining Japanese-held islands of the Central Pacific—in the Marshalls, the Gilberts, and the Carolines, which have been bypassed by our occupational forces, are now completely nullified as far as tendering any military aid to Nippon is concerned.

Those islands could only have been defended and can only be supplied by the use of extremely large Japanese naval and air forces. From the beginning of our stabs into the Japanese island area of the Pacific, Nippon has refused to make such a commitment. Now it is too late. If by any wild chance the war lords of Japan decided to mass locally in that area a great naval and air task force, it would uncover and leave wide open all of the important island possessions of the empire of the Rising Sun.

Furthermore, by the capture of Saipan, Admiral Nimitz's forces have also nullified the use of all the other Japanese-held islands of the Marianas. When Saipan is occupied by strong American naval and air

### American Forces Drive Four Miles Beyond Volterra

Strategic Wedge Is Driven Into German Lines On Italian Front

#### YANKS NEARING VIVORNO PORT

BY JAMES L. KILGALLEN  
(U.S.S. Staff Correspondent)

ROME, July 10.—American forces of the Fifth Army in Italy advanced four miles beyond captured Volterra, important communications center, today and drove a strategic wedge in the German line between the sea and Poggibonsi on the main north-south road to Florence.

American infantry units in the coastal sector slashed forward and attacked Poggibonsi astride the north-south road, eight miles inland.

Fifth Army units in the coastal region included the 442nd Regimental combat team of American soldiers of Japanese origin. The regiment was spearheaded by the famous 100th Battalion which has performed brilliantly during the entire Italian campaign.

On the west coast, where the Yanks are less than 10 miles south of Livorno (Leghorn), bitterly contested advances were measured in yards.

The Yanks were near enough to the prized seaport of Livorno to see great columns of smoke and flame shooting 10,000 to 15,000 feet in the air from fires presumably caused by the enemy as they destroyed naval stores before the siege for the city begins.

Around Volterra, 15 miles northeast of Cecina on Highway 68, the Germans fought bitterly and abandoned their positions only after the Americans closed in on them. The Nazis retreated under the cover of small arms fire.

Make General Gains  
The Allies made general gains along the whole Italian front although the Germans hung in heavy counter-attacks all along the line.

### Pvt. Hollingsworth Killed In France

Wabash Avenue Soldier Meets Death In France On June 13, Parents Are Informed

Word has been received from Adjutant General J. A. Ullo of the U. S. army by Mr. and Mrs. Edward P. Hollingsworth of 16 West Wabash avenue, telling them of the death of their son, Pvt. Harold A. Hollingsworth, aged 21 years, who was killed in action in France on June 13.

Pvt. Hollingsworth, who had been in service a little more than a year, had been overseas for six weeks prior to his death, serving with an infantry unit.

In the letter from Adjutant General Ullo, which followed the telegram announcing his death, General Ullo stated:

"I fully understand your desire to learn as much as possible regarding the circumstances leading to his death and I wish there were more information available to give you. Unfortunately, reports of this nature contain only the barest details, as they are prepared under battle conditions and the means of transmission are limited."

In addition to his parents, he leaves the following brothers and sisters, all of New Castle: Mrs. Alena Wilkens, Alvina and James of New Castle and Albert and Robert at home. Another brother, Pvt. William Hollingsworth, is stationed in the Hawaiian Islands.

British And Canadians Strike Southward From Caen In New Assault

#### YANKS ADVANCE BEYOND LA HAYE

(BULLETIN)

SUPREME HEADQUARTERS, Allied Expeditionary Force, July 10.—(INS)—Advances along the whole front in Normandy with British forces south of Caen making significant progress, were reported by Gen. Dwight D. Eisenhower's headquarters today.

Despite the continuation of enemy strength, striking successes are being scored.

The bitterly defended airfield at Carpiquet west of Caen has now fallen into Allied hands.

BY KINGSBURY SMITH  
(U.S.S. Staff Correspondent)

#### SUPREME HEADQUARTERS, Allied Expeditionary Force, July 10.—

British and Canadian armored and infantry forces, having virtually completed the conquest of the vital rail hub and river port of Caen, struck southward across the Ordon river today and drove the Germans back to a line along the Orne.

Battlefront dispatches said the attack was launched at 7:30 a. m. (1:30 a. m. E. W. T.) and initial objectives were quickly achieved.

At 11 a. m. (5 a. m. E. W. T.) the new attack was reported to be "going well."

Broad Battering Ram  
A British wedge aimed southeast of the Caen sector has now become a "broad battering ram," these dispatches said. Other British forces are pushing south and west of the rubble-strewn city.

All resistance in a village north of Caen has been wiped out, according to these reports, and another projected counter-attack in the Caenville sector has been broken up.

Several hundred prisoners were reported in the new push beyond Caen, but German resistance south of the Orne remains very strong.

A Reuter's dispatch from Caen timed 10 a. m. Monday (4 a. m. Eastern War Time), said that the

### Strive To Put Bond Drive Over

PITTSBURGH, July 10.—(INS)—

An intensive two-week post-campaign to put the Pitt area over the top in the 19-county Fort Pitt area was started today by thousands of volunteer war bond workers.

Although hovering on the edge of its goal of \$324,914,500 for overall purchases, the entire area was lagging far behind on individual purchases. The corporations have over-subscribed their \$197,000,000 quota by \$30,000,000.

Robert H. McClimic, state vice chairman of the war finance committee in charge of the Fort Pitt area, said:

"The matter of success or failure now strictly up to the people."

"It is a question of whether or not we are willing to back the boys on the fighting front with money or merely with our conversation."

Go back a few months to those days gone by when snow and ice were around, and the only spot you could warm yourself was one that you usually found parked over the register banded up. Oh, those were the days it was chill, but you believed then that that would be enough, of winter would have you ill. So you wanted summer and this is it. ## Hear Dispute Over Vacation Pay At Plant

Before U. S. Conciliator John E. Dwyer, a dispute over vacation pay in the Shenango Pottery was heard today in number one jury room of the Lawrence County court house. Jack Grizzle, representing the CIO and Ernest Hill, local union president at Shenango Pottery, represented the employees. For the company, President James M. Smith Jr., Vice President James K. Love and Blouise Zahner were heard.

The dispute arises over vacation pay and bonus payments. The men contend that the bonus paid them in January 1944 was for services rendered up to December 31, 1943. The company claims that the bonus or vacation pay was paid in January 1944 for services based upon the records of December 31, 1943, and that in effect the 1944 vacation bonus has already been paid.

Also in the case is the status of four employees who were dismissed a week ago. On July 1, the argument over the vacation pay arose and a number of employees ceased work. The work cessation was of short duration and the issue was referred to the Federal Conciliation Service.

The hearing was to be continued this afternoon.

State Agricultural Engineer Will Be Present To Give Instruction On Wednesday

Under the auspices of the Lawrence County Agriculture Extension Association, an expert demonstration on the operation of a combine in the harvesting of various grain crops will be given at the farm of Norman Hoye, of near Fritzburg, Wednesday evening at 8 o'clock.

R. J. McCull, Extension Agricultural Engineer, of Penn State College, will be present and will give advice on the various adjustments for harvesting different grains.

With the harvesting and threshing season in full swing at the present time, the demonstration will be most timely.

## Aircraft Industry Is Postwar Problem

WASHINGTON, July 10.—(INS)—The senate military affairs subcommittee on postwar problems opens a hearing today to determine what will be done with the gigantic American aircraft industry after the war.

Sen. Murray "D" Mont., chairman, planned hearings lasting three days, during which representatives of the industry, labor and government will give their views on the future of the industry.

The inquiry was referred as a part of congressional action looking toward solution of postwar problems, and because some have predicted the greatest drop in employment in the aircraft industry.

situation at Caen is unchanged today, "although correspondents are now permitted to say the town has been technically captured."

Germans South of Orne

"The Germans, it was said, still hold a line south of the river Orne and it was reported that they have gun emplacements on an island in the river. The Allies have taken possession of the whole town north of the river."

"Last night," Reuters said, "Faubourg Devalleues was the southern outskirts of Caen—this morning it's described as a separate town."

Thrusting down all of the roads leading into Caen from the north and the west, Gen. Sir Bernard L. Montgomery's troops "battered their way through the rubble-stricken city."

But contrary to early reports, the city was not wholly deserted. There were many Frenchmen milling in the streets to greet the first British and Canadian troops despite shell-fire and the roar of a battle still under way.

German snipers still are operating inside the city north of the Orne river and rubble filling the battered streets makes continued highway difficult.

Although tired and weary, the troops entering Caen were jubilant, one grimy and dusty Canadian brigadier lost his dignity to such an extent he sang a regimental song on the Boulevard St. Julien.

Thus far several hundred prisoners have been taken in the Caen operation. There is another pocket of enemy resistance northeast of Caen and a second to the southwest whose only escape road is under heavy artillery shelling.

## Lt. Haymond Is Reported Missing

Former New Castle Boy, Pilot Of  
Martin Marauder, Is Missing  
Over France

Mrs. Frank B. Hill of Wilmington avenue, wife of the county treasurer, has received word that her nephew, Lt. Richard Haymond, son of Mr. and Mrs. Harry Haymond of Clairton, former residents of Beckford street, has been missing in action over France since June 24.

Lieutenant Haymond, who is 19 years of age, was promoted from second to first lieutenant only a few days before being reported missing. He was pilot of a Martin Marauder, B-26 bomber and fighter.

situation at Caen is unchanged today, "although correspondents are now permitted to say the town has been technically captured."

Germans South of Orne

"The Germans, it was said, still hold a line south of the river Orne and it was reported that they have gun emplacements on an island in the river. The Allies have taken possession of the whole town north of the river."

"Last night," Reuters said, "Faubourg Devalleues was the southern outskirts of Caen—this morning it's described as a separate town."

Thrusting down all of the roads leading into Caen from the north and the west, Gen. Sir Bernard L. Montgomery's troops "battered their way through the rubble-stricken city."

But contrary to early reports, the city was not wholly deserted. There were many Frenchmen milling in the streets to greet the first British and Canadian troops despite shell-fire and the roar of a battle still under way.

### PARDON THE INTRUSION

NEW YORK (INS)—Grim as was the search for an escaped German prisoner of war on Staten Island, it had at least one comic aspect.

Bloodhounds led one party to an old church. Two men crawled to the top of the building, pushed open a trap door to the tower—and felt something alive brush against their hands. Convinced they had their quarry cornered, they hesitated to go further, not knowing how he might be armed.

One of the soldier guards, an Indian, volunteered to undertake the mission. He climbed into the tower and found, not the Nazi, but two very frightened pigeons.

# SCIENCE WARNS WOMEN ABOUT CAKE MAKE-UP!

## WHY ENDANGER YOUR DELICATE SKIN when my Baby-Texture Powder safely gives that smooth "flawless look"

Skin specialists tell me cake make-up may dry out the delicate outer layer of your skin... make you look years older! Even worse, the microscope has revealed caked-up pore openings, clogged with germ-breeding deposits of cake make-up which washing and creaming failed to remove!

Why risk these dangers? Why invite dryness, blemishes, coarsening, damage that may be irreparable... when safe Lady Esther Face Powder gives your skin a softer, "flawless look" at the touch of your powder puff!

Examine your face in strong sunlight. See how much younger, smoother, clearer it looks with Lady Esther Powder... even after 4 long hours!

That's all because Lady Esther Face Powder is made differently... by my exclusive Twin Hurricane Process that makes the fine powder particles so amazingly soft and fine. On your face, it is hardly like powder at all, but rather like a delicate film of beauty that hides little lines and blemishes like magic.

### Hides Lines and Blemishes—Clings 4 Long Hours

Let your mirror show you the lovely difference between my special Baby Texture face powder and whatever other make-up you are now using... wet or dry.

So if you want a young, smooth, flawless-looking skin without danger, I wish you'd try Lady Esther Face Powder. When you see how much more glamorous your skin looks, you'll know why more lovely women use Lady Esther Face Powder than any other kind.

## Auto Tests To Be Held Tuesday

Candidates for a permit to operate an auto legally in Pennsylvania will be examined between 9 a. m. and 4 p. m. Tuesday, it was announced today. The state police added that tests will be held in the order of candidates arrival at the Sampson street test station. Because tests were not held July 4, it is anticipated there will be a large class.

Tuesday, hence applicants should arrive as early after 9 a. m. as possible. They should possess the registration card for the vehicle, their learner's permit and be accompanied by a licensed driver who also must have his card. All cards must be signed. The vehicles must be mechanically fit.

Eight tons of food and equipment are required to supply each fighting man in the Central Pacific for a month; the soldier in the Aleutians requires 25 per cent more.

(Continued From Page Four)

nearly complete and accurate as I could get. There was no list available, and a Clipping Agency in Washington replied: "The task is too great for us to undertake at this moment, and the cost would make it prohibitive to you."

"I also endeavored to get the total annual appropriations of all the Bureaus, but met with the reply that it would take several months and cost many thousands of dollars to dig up the financial cost."

"I have sought to name only the PARENT Bureaus no attempt having been made to list the offspring. According to the Federal Register and the most reliable information I can secure there were two thousand two hundred forty-one of these Agencies, Bureaus and Commissions on June 11, 1942."

And then Mr. Biggers shows now little credit can be given to any promises made by the President to the voters of America, by quoting what Mr. Roosevelt said in his first campaign in 1932:

"I know something of taxes. For three long years I have been going up and down this country preaching Government—Federal and State and local—costs too much. I shall not stop that preaching."

"I accuse the present (Hoover) administration of being the greatest spending administration in all our history. One which has piled Bureau on Bureau, Commission on Commission, Bureaus and Bureaucrats have been retained at the expense of the taxpayers."

"But remember well, that attitude—the way we DO things—is nearly always the measure of our sincerity."

"The people of America demand a reduction of Federal expenditure. It can be accomplished by reducing the expenditures of existing departments, by abolishing many useless Commissions, Bureaus and functions, and by consolidating many activities of Government."

The whole pamphlet, thus broadcasted, is a terrific indictment of Franklin D. Roosevelt.

## THE PARENT PROBLEM

(Continued From Page Four)

more nearly as their own real child. They would constantly try to build up her moral.

Provided she lives with her parents she may suffer for want of reasonable independence. They may think of her as their own "little girl" and boss her unbearably. In this event her lot may grow still worse in case she has one or more young children.

**Mother's Problems**

Should the patriot's wife have children, she has the responsibility of bringing them up without the aid of their father. If she decided to work, there is the problem of their safe care in her absence and the difficulties of giving them the amount of relaxed companionship they deserve of her and she of them. (My "Suggestions for Working Mothers" may be had for postage in a self-addressed stamped envelope.)

In the event she and her children try to follow her husband while he is still in the states, the hardships to her and them from the travel and congested living quarters, and often with very limited funds, all adding often to their frequency of illness and consequently harder care and management, help pile up her difficulties.

While as a rule her parents or his are glad to take her and her children in for the duration, rarely do favorable conditions exist for the best care and upbringing of these children. Living with children among relatives in normal times is hard enough, but doing so with the father in the armed forces may be especially difficult. Relatives of these children are peculiarly disposed to pamper them and to interfere with their best upbringing. Grandparents shouldn't interfere.

Let me urge the grandmothers whose grandchildren come to live with them, especially if the father of these children is in the armed forces, to try very hard to set the stage so the mother will when possible, be solely responsible for their upbringing; and to try always to keep in mind what will be best for

## SUPERFORTRESS...ALL-AMERICAN

New Boeing B-29 built by nation-wide teamwork

Every enemy airfield, shipyard, factory and camp now lies within reach of American bomber crews. In the hands of the men who fly them with courage and skill and spirit, the Superfortresses are a world-wide force.

The first smashing blows at the enemy's heart dramatically prove the wisdom of our Army Air Forces' long-range planning... for the B-29 is the fruit of more than 5 years of development by the A.A.F. Materiel Command and Boeing engineers.

It takes a nation to make it

Boeing designed and engineered the Superfortress. Wright Aeronautical designed the engines that drive its great weight. And thousands of mills and

factories and plants all over America share in making its parts, instruments, power and armament.

All Chrysler divisions work on the B-29

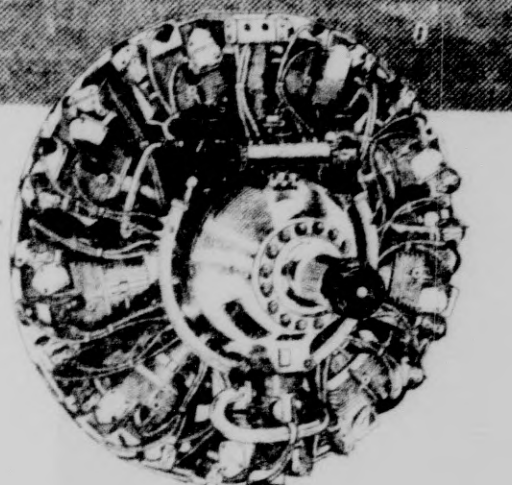

Chrysler Corporation builds huge, 2200-hp. engines—long, massive nose cabins with their intricate controls—streamlined engine cowlings—and massive leading edges of the wings. Chrysler-engineered production, applied with imagination, has succeeded in producing these vital sections in large quantities.

With typical Chrysler teamwork, Chrysler divisions work together on this job, and co-operate with more than 5000 other companies that supply materials and parts for our share of the B-29.

## Report Hitler Has New Affair

New Woman In His Life  
Causes Whispering  
Throughout Europe

By RALPH HEWINS  
Reuters Special Correspondent  
Stockholm, July 10.—Hitler

has formed another of those strange apparently platonic friendships with women which have marked his career from the earliest days. The new "affair" has caused a good deal of whispering throughout Europe in recent months.

The new friend is Fraulein Eva Braun, a mossy-haired Bavarian with blue eyes and a reasonably good figure. She is reputed to be closer to the führer than any other person at the moment, and the Nazi leaders are not pleased.

The facts about Eva Braun were given to me in Stockholm by two people who know her. One is dapper Hans Gensinger, fashion artist now in Sweden, to collect material for Eva's clothes. The other is Austrian born Nauckhoff Comely, now wife of a Swede and formerly wife of the German comedian, Heinz Ruan.

Mrs. Comely mixed in the theatrical set with which Joseph Goebbels surrounds Hitler from time to time.

Friendship Obsession  
Hitler has known Eva Braun for about two and a half years, but the friendship has only recently become an obsession with him. So much so that some of his sordid followers accuse the führer of neglecting affairs of state to please her.

Mrs. Nauckhoff told me: "Eva Braun is of humble origin, like Hitler himself, and they apparently feel at home together. She first earned her living as a shop assistant. Then she was 'discovered' by Goebbels, who introduced her and her elder sister, Irma, to the führer at a theatrical party at Berchtesgaden."

Hitler has built Eva Braun a mansion on the verge of one of Munich's lovely parks and has furnished it with antique furniture and art pieces from occupied Europe.

She has furs from Norway, jewels from Paris and when she wants a holiday she had suite reserved for her in the Tyrol or the French Riviera.

Gensinger reports it as high Nazi opinion that Hitler's attachment to Eva Braun "may have serious repercussions on the war effort."

It is felt that the führer's forming an attachment of this kind at this time and at his age, is a sign of personal deterioration caused by the strain of events.

Work is more than its own reward as far as Traudl Junge, of Mt. Tom Junction, Mass., is concerned. Wodicka set up to repair a stairway and uncovered a bottle of rye bottled way back in 1900.

### Some Parts Of County Get Rain

Pastures Drying Up In Many Sections, With Other Crops Suffering, Report Says

Some parts of Lawrence county benefited from the thunder showers which swept over the area Saturday and Sunday evenings, and for a time it looked as if New Castle would be one of the spots to be blessed, but while lightning flashed to the west, east and north not a drop of rain fell in the city.

Many parts of the county are suffering from the effects of the prolonged drought, which has existed now for more than a month, with temperatures above normal during this period.

While a fair shower was expected on June 22, it brought only a little temporary relief. Since June 5, only 85 inches of rain has fallen in 35 days.

### What People Say

WASHINGTON—General Charles F. Gaulle: "Before the last day of 1944 has passed, the last German will have been killed, captured or driven from our soil."  
PAWLING, N. Y.—Gov. Thomas E. Dewey: "We are fighting to keep our communities always free of dictation and overbearing domination."

### Boy Scout Campers Begin Second Week

With a full enrollment the second week of the Lawrence county Boy Scout camp got under way Sunday evening with dinner at 6 o'clock. Thomas Allen, scout executive, reports.

Thirty of the 80 campers are staying over from the first period to get two weeks of camp during the summer. Other first period campers left Saturday afternoon or Sunday morning. Not all of the scouts enrolled for the second week have yet arrived, Mr. Allen said.

### McSpaden-Nelson Tourney Winners

MINNEAPOLIS, July 10.—(INS)—Harold "Jug" McSpaden of Philadelphia and Byron Nelson of Toledo each stowed away some more war bonds today as a result of their victory in the \$10,000 Golden Valley best ball golf tournament.

Ahead of the field throughout the 126 holes of play the season's top money winners wound up late yesterday with a plus score of 13 three points better than the second place team of Bill Kaiser, Louisville, Ky., and Bob Hamilton, Evansville, Ind. McSpaden and Nelson each received \$250 cash for expenses and \$800 in war bonds. This increased the Philadelphia's earnings for the year to \$19,150 and Nelson's to \$16,641.

"To eat humble pie" has its origin from the old English called "umbles" which was composed of the entrails, heart and liver of the stag. This dish was served to the less important members of a household, and this fact led to the use of "to eat humble pie" as alluding to a humiliating drop in social prestige.

### Local Boys Enlist In Air Force Reserve

Two New Castle boys and one from Ellwood city are among the new group of sixty-three youths enlisted in the Army Air Corps Reserve according to an announcement from the AAF Recruiting office. Those from New Castle are Ugo E. Sboraglia and Attanasio N. Isolda. From Ellwood City is Andrew H. Rankin.

## Gigantic Crop Of Beans Now Being Picked

If food is ammunition, there is an arsenal in Shenango township that is turning out a tremendous total at least in tomatoes and beans. From the Weinschenk Greenhouses and acres this year will come approximately 100,000 bushels of beans and somewhere near 5,000 bushels of tomatoes. In addition there will be many hundreds of bushels of cucumbers but the cucumber volume is small along side that of the beans and tomatoes.

The tomato crop will soon be over for it is an indoor crop. Twenty-three thousand plants have been bearing tomatoes since early May. Fed scientifically the Weinschenk tomatoes can hardly be detected in flavor from those grown outdoors. But back of that outdoor taste in a greenhouse tomato is a long story of ground sterilization, and a diet of chemical elements administered with as much care as that of a hospital dietitian.

### Beans, Beans, Beans

Look in any direction from the Weinschenk greenhouse just now and you will see a small army of men, women and youngsters picking beans. In all 500 acres are planted in string beans alone, with another 100 acres in lima beans. Once picked the beans are taken to the packing sheds where they get personal attention, every bean being groomed for his place in the market. The beans are first fed into a chute and subjected to blasts of air which remove dust, leaves and anything else that doesn't belong there. They are graded and packed and turned out in 12-pound baskets, green and appetizing looking. The lima beans undergo similar treatment.

Cucumbers also get a lot of personal attention. Every one goes through the cleaner and grader, but in addition each one has a thin coat of wax sprayed on for preservative purposes. When a cucumber comes out of the Weinschenk gardens it is all dressed up and ready to go.

## June Busy Month At USO Center

Report Of Secretary Meermans Reveals Local Center Has Been Busy Aiding Soldiers

Many people of this community are not familiar with the many services which the local U. S. O. is rendering the boys in the armed forces who visit New Castle. The report of R. L. Meermans, Executive Secretary of the U. S. O. Board for the month of June, reveals the many services rendered the men at the Center here.

Under the able direction of Mrs. E. H. Willmarth, a total of 1,265 men served in the local canteen by the four groups of canteen workers. This, of course, seems to be one of the most popular parts of the U. S. O. service. Home made cookies, cakes, and sandwiches are always a most welcome sight to the boys who are away from home, and the canteen at the local center seems to be the place every service man heads for first, when paying a visit to the center.

Cooperating with the U. S. O., the Y. M. C. A. has 64 beds which are available to the service men who visit the city and wish to remain over night. This accommodation was used by a total of 237 men during the month, while 533 used the showers and swimming pool of the Y. M. C. A.

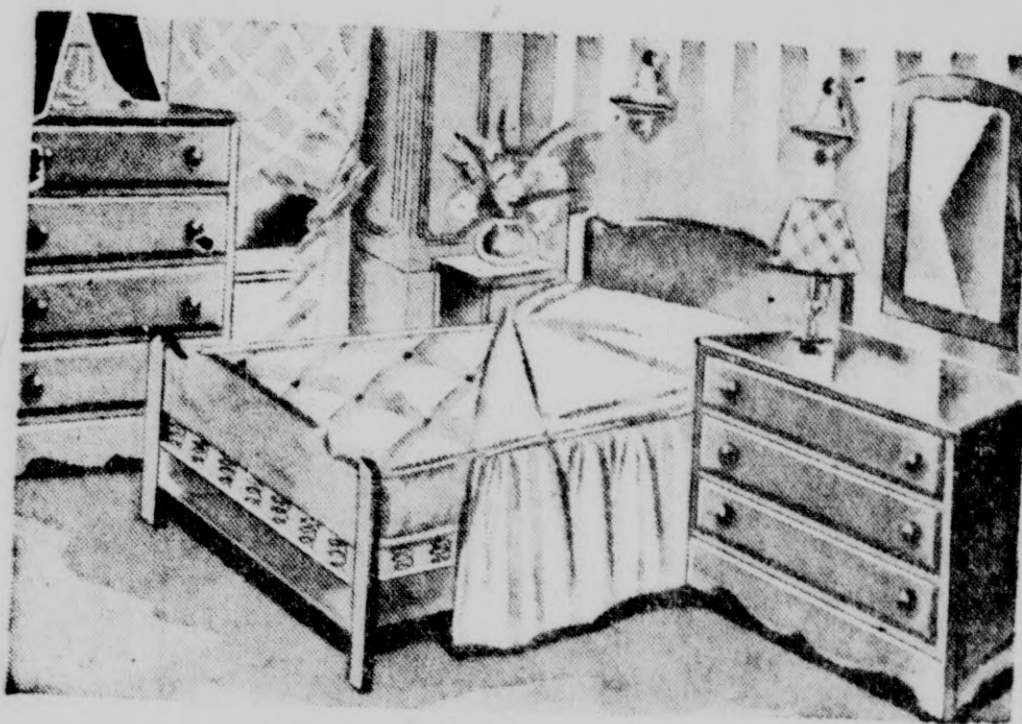

Under the supervision of Mrs. Olive Bollinger, chief receptionist, the U. S. O. sent junior hostesses to the camps nearby for seven dances during the month, the total attendance of girls at these events being 810.

About 1,500 men in all visited the center during June. An accurate record of attendance is not available due to the fact that many of the men do not sign the register. It is believed, however, in all of these local activities, the attendance was around 2,000 during June.

Hundreds of New Castle women have rendered some kind of service during the month, providing cookies, and cakes, working in the canteen, serving as receptionists, and attending camp dances and in many other helpful services.

## Ration Pointers For Week

**AUTOS**  
New and used 1942 autos may be bought only with ration board purchase certificate.

**BICYCLE**  
Adult bicycles may be bought only with ration board purchase certificate. Specially built delivery bicycles are removed from rationing.

**BUTTER**  
Red Stamps in Ration Book Number Four, A8 through Z8, remain valid for an indefinite period. Each stamp is valued at 10 points and may be used to purchase butter and margarine.

**CHEESE**  
Red Stamps in Ration Book Number Four, A8 through Z8, remain valid for an indefinite period. Each stamp is valued at 10 points and may be used to purchase rationed cheese and cheese products and canned milk.

**MEAT**  
Red Stamps in Ration Book Number Four, A8 through Z8, remain valid for an indefinite period. Each stamp is valued at 10 points and may be used to purchase rationed meat.

**CANNED GOODS**  
Blue Stamps in War Ration Book Number Four, A8 through Z8, and A5 remain valid for an indefinite period. Each stamp is good for 10 points and may be used to purchase rationed processed foods and jams.

and Jellies. Frozen fruits and frozen vegetables and dried foods are now point free.

**SUGAR**  
Sugar Stamps No. 30, 31 and 32 are good for five pounds of sugar each, and are valid for an indefinite period.

**CANNING SUGAR**  
Sugar Stamp No. 40 in Book Number Four is good for five pounds of sugar and will remain valid through February 1945.

A maximum of 20 pounds per person will be granted on application to War Price and Rationing Boards. Applications may be handled by mail.

Spare Stamp No. 37 from Book Four must be attached to the application form for each person applying for sugar.

There are two periods during which consumers may apply for rationing sugar. The first period for issuing sugar for this purpose began on May 15 and will continue through July 9. Issuance during the first period shall be limited to ten pounds per person. The application for the first period must be accompanied by Spare Stamp No. 37 in War Ration Book Number Four.

periods are to be accompanied by a statement as to the use of the earlier allowance. No issuance shall be made, except during the two above specified periods.

**SHOES**  
Airplane Stamp No. 1 and No. 2 in War Ration Book Three good for one pair of shoes for an indefinite period.

Special shoe ration stamps which dealers issue to their customers for refunds will no longer have a 30-day limit, but will be good for the same period as Airplane Stamp No. 1 or No. 2.

**GASOLINE**  
"A" coupons numbered ten remain valid through August 8. All "A" coupons are valued at 3 gallons.

Serially numbered B-3, B-4, C-3 and C-4 Coupons are valid for five gallons for each coupon.

Gasoline dealers are not permitted to accept "R" gasoline coupons.

**When EXHAUSTION leads to Headache**  
Don't let headache double the misery of exhaustion. At the first sign of pain take Capudine. It quickly brings relief, soothes nerves upset by the pain. It is liquid—already dissolved—all ready to act—all ready to bring comfort. Use only as directed. 10c, 50c, \$1.00.

**CAPUDINE**

from non-highway users at filling stations.

The regulations governing "E" non-highway coupons remain unchanged.

These coupons may be accepted at filling stations so long as they are not exchanged for gasoline delivered into the fuel tank of a motor vehicle.

Holders of R coupons who have been accustomed to buying their gasoline at filling stations will be able to continue doing so by simply exchanging their "R" coupons for "E" coupons at their local Boards.

**TIRES**  
Motorists are cautioned that while they will no longer be required to have their tires inspected periodically, they are to retain their present tire inspection records in order that they may be able to secure tire-replacements, and meet other requirements of the regulation.

Persons with supplemental rationing are now eligible for Grade I tires. However, Boards are still limited to a certain quota and issuance for these are made accordingly. Close screening of applications is necessary in order to assure granting tire to those most eligible.

Arithomania, strange malady of the human mind, is the uncontrollable desire to count things. Among other such strange mental maladies are batophobia, the constant fear of being hit by a falling object, ergophobia, the morbid fear of hatred of work.

## Clothes Decrease As Temperature Goes Up

Men Shed Coats, But Cling To Hats, Even On Hottest Days: Many Girls Stockingless

Maybe you've been too warm to notice, but with most of the persons downtown shopping, dressing has become a matter of just enough and no more.

Only one woman in ten can be found with a hat on, and probably only one man in fifteen with a coat. Suspenders and rolled-up shirt sleeves are very much in evidence.

What coats there are, are usually worn over the arm, although some men persist in wearing them no matter what the temperature.

**Few Stockings**  
Stockings are the exception for girls, instead of the rule. Legs are bare, either sun-tanned or covered with leg make-up, and many of the women's shoes are low-heeled, white kind that don't take ration points.

A few sun-backed dresses, are seen, but more women compromise with the new low-cut oval necklines instead. Children can be seen downtown in sun-back play suits, slacks and shorts.

**Still Enough Hats**  
As for hats, there are as many

men without as with, but straw girls can't be catalogued, though. They're liable to be wearing anything, from the latest New York style to a pair of blue denim slacks.

Cotton dresses, definitely casual, in stripes or pastel prints, either two-piece or cut on pinafore lines, are popular among the women. The average boy changes his vest four times before the age of 20, according to an educational expert.

## What DeGaulle And President Talked About

By LEON PEARSON  
(U. S. Staff Correspondent)

WASHINGTON, July 10.—A number of the official party of Gen. Charles DeGaulle in an exclusive statement today, revealed the details of what has been discussed between the French leader and President Roosevelt during the past four days.

The discussions have gone "extremely well," according to this source who said "the general found that the president understands very well our problems, and has a deep affection for France."

The actual agenda of their conversations could be summed up under three headings:

1. Control and government of liberated areas.
2. Postwar treatment of Germany.
3. The future of France and the French empire.

The first topic was the most immediate, and was dealt with in greatest detail at the White House. As a basis, the two leaders used the draft of agreement already reached between DeGaulle and the British government.

Need Central Power.

DeGaulle stressed the point that to avoid chaos in a liberated country, there must be a central power of administration. Though the question of formal recognition of the French committee was not raised, DeGaulle insisted that there must be a formal working agreement giving power and authority to his committee.

No such agreement was reached in the White House conference. DeGaulle preferred that details be worked out by his experts after he has gone.

Several members of his party re-

mained in Washington today to negotiate such an agreement with experts of the U. S. government following DeGaulle's departure for New York after a morning news conference.

One of these is the official who revealed details of the meetings. Asking that his name not be used he said:

The general is not concerned whether we call it an agreement or a memorandum, or what not. But there must be some understanding between the three powers—Britain, France, and the United States, and the Franco-British draft is a good basis."

That agreement has four points: Administration, finance and currency, reconstruction, and information.

On the question of the future of Germany, DeGaulle's aide disclosed that President Roosevelt has definite ideas including the question of bases for naval and aviation control of postwar Europe. These points were discussed with DeGaulle.

The French spokesman declared:

"The personal misunderstandings between the two men which could have been an obstacle are now completely eliminated, and negotiations can go forward very smoothly."

## Girl Scout Camp Opens This Morning

Sixty-seven girl scouts have registered for the first week of the Girl Scout day camp which began at nine o'clock this morning according to scout executive Mrs. Marjorie Miller.

Eighteen of the girls are Brownies, scouts who are under ten years old. Eighteen of the intermediate group are ten years old, and nineteen are eleven and twelve. Smallest group is the intermediate, thirteen years old and over.

Day camp is the only camp for girl scouts this summer, because of wartime difficulties in fixing up the girls camp site near Slippery Rock. One troop of senior scouts is spending a week at a cabin on the Neshannock under the leadership of three counselors.

## Toll Of Dead In Circus Fire Has Reached 157

HARTFORD, Conn., July 10.—(INS)—The toll of dead in the flash fire that destroyed the "Big Top" of the Ringling Bros. and Barnum & Bailey circus in Hartford last Thursday stood at 157 today after three more victims, all women died from injuries.

Only six bodies remained unidentified as state officials proceeded with their investigation into the holocaust.

Sorrow continued to grip Hartford over the Sabbath with special prayers being offered for the dead and injured in several churches. Numerous funerals were conducted over the weekend for victims of the catastrophe, and additional rites will be held today.

Mayor Mortenson said the dead remaining unidentified today would be buried "with dignity and reverence."

Edward J. Hickey, Connecticut state police commissioner, said it would be several days before he completes his inquiry into the fire and turns the data over to state's attorney Hugh M. Alcorn, but an inquest will be opened tomorrow.

## Swimming Meet Held At Boy Scout Camp

Weekly Water Meet Concludes First Camping Period At Lawrence County Camp

Climaxing the first week of camping at the Lawrence County Boy Scout camp, the weekly water meet was staged at the waterfront last Friday afternoon, according to Thomas Allen, scout executive. Led by Joe McKenzie, New Castle troop 1, the high point man of the meet, Cabin 11 led the meet with 20 points, and Cabin 8 followed up with 16. Cabin 12 came into third place with 12 points.

Winners of the various events were as follows: Sauer hunt, for beginners only, a tie between Bob Rankin, Gus Seibert and Bob Jacobs; William Dambough fourth; Crew boat race, Cabin 11 first, Cabin 8 second, and Cabin 6 third; Towel race, for two boys, Bill Merriam and Charles Small first, Bob Miller and Jim McLaughlin second; Bob Buchanan and Bill Caler third. In the beginners' distance race, Bob Rankin was first, Ray McCandless second, and Bob Jacobs third. First in the side stroke was Bob Buchanan, second was Joe McKenzie, and third was Roy Marion; breast stroke, fifty yards, Ronald Klingensmith was first, Bob Venezia second, and Walter Abraham third.

First in the free style fifty yards was Walter Abraham, while Tom Haines was second and Mickey Cameron was third. Joe McKenzie and Bob Buchanan tied for first place in the hand paddle boat race, with Bob Miller in third. James Applegate won the watermelon race.

Officials of the meet were: starter, Don Lozan; clerk of course, Art Murphy; head finish judge, Ken Fox; and finish judges, Bill Van Fossan and Homer Winter.

## Woodworkers Read Books On Hobby

Books on carpentry and wood-working are in active circulation at the public library at the present time. In spite of the fact that there are several dozen titles with more than one copy or edition of some, only a few are 'in' at the present time.

Some of the books popular with readers who are interested in working with wood as a hobby and a practical home accomplishment are: Home Carpentry, Edwin Timothy Hamilton.

Fun With Wood, Joseph Leeming. It's Fun to Build Things, W. T. R. Price.

Farmer's Shop Book, Louis Michael Roehl.

Build It Yourself, Michael Rothman.

How To Work With Tools and Wood.

Home Craftsmanship, Emanuele Stierli.

Principles of Mill and Paint Shop Practice, Ralph G. Waring.

An Introduction to Decorative Woodwork for the Use of Schools, Greenwood and Goodyear.

Fundamentals of Shopwork, William H. Johnson.

A Manual of Woodworking, the Fundamentals of Hand Work for Home and School, Charles G. Wheeler.

The list given above is only a partial one. More than a dozen others on this subject are available at the library.

## Homestead Stork Working Overtime

HOMESTEAD, Pa., July 10.—(INS)—The third multiple birth in 10 days had been recorded at the Homestead hospital with the birth Saturday of twins, a boy and a girl, to Mrs. Michael Churley.

Triplets, all boys, were born Thursday to Mrs. Joseph Spinelli and twins, a boy and a girl, were born June 30 to Mrs. Joseph Sarisack.

David McComb, of R. D. 3, was treated at the Jameson Memorial hospital at 11:30 Sunday evening for laceration of the left hand and ring fingers of the left hand, received when he was pushed into a plate glass window. Several sutures were required to close the cuts sustained.

## Demonstration On Shell Program

PITTSBURGH, July 10.—(INS)—A demonstration and conference on the U. S. Army Ordnance department's eight-inch shell program for high ranking officers and top-flight industrialists was scheduled to be held in Pittsburgh today for the purpose of ironing out technical details of heavy shell manufacture.

A group of more than 50 officers and civilians were making an inspection of the new shell line now in operation at the McKeesport works in Port Vue, Pa., of the Jones & Laughlin Steel corporation. The inspection preceded a closed session for technical discussion.

The official group from Washington includes: Maj. Gen. Levin H. Campbell, Jr., chief, ordnance; Maj. Gen. Lucius D. Clay, director of material, ASF; Brig. Gen. R. E. Hardy, chief, ammunition and P. G. Routhwaite, president of war supplies limited, Dominion of Canada.

A lunch-hour pinocle game at Package Machinery Co., Springfield, Mass., has been going on for 15 years, with the original club members still dealing out cards.

## Price Board Makes Used Car Survey

Price Panel Board members are out today making a survey, or "educational tour" of auto dealers, supplying information on the exact ceiling prices for each make and model of car covered by the new OPA regulation, as well as other information according to J. L. McFate, chief clerk of the War Price and Rationing Board.

All used cars, 1937 through 1942 models are under the new OPA ceiling which goes into effect today. It holds prices at January, 1944, levels. All buyers and sellers, whether private individuals or dealers, come under the new regulation.

but the prices which can be charged by the two are different, Mr. McFate said.

Cars sold before today in excess of ceiling prices must have been paid for and delivered before today, or the sellers must reduce the price to the OPA ceiling price.

The new OPA regulation is designed to encourage the reconditioning of the decreasing supply of used cars.

Theft of 144,000 cigarettes intended for the fighting forces overseas led to the arrest in Glasgow, Scotland, of two army deserters. The prosecutor described the act as amounting to sabotage. Thomas Stirling and Edward Marshall admitted breaking into a freight car and taking the cigarettes and also socks and clothing. Each was sent to prison for 10 months.

## Communists Take Democratic Party Control Is Charge

Democratic Senator Turns His Back  
On Party As He Makes  
Charges

WASHINGTON, July 10.—(INS)—Sen. Robert R. Reynolds (D-N.C.) turned his back on the Democratic party today with the charge that the Communists have taken control of it.

Predicting that a third party will emerge, but not until 1948, Reynolds intimated he may support the Republican ticket in the November national election. He is organizing a national independent voters league.

"The Communists have taken over the Democratic party, with Earl Browder and his party and the CIO and its leaders out in front and doing more talk in favor of the Democratic party than any other groups," said Reynolds.

"It appears to me that the election in November will develop into a fight between Americanism and Communism and Nationalism against Internationalism. If Vice-President Wallace is placed on the Democratic ticket, it will naturally increase this division."

Reynolds declared the outcome of the presidential election is uncertain, but that Communists may be a potent factor in it.

Reynolds said Gov. Thomas E. Dewey will make a stronger Republican presidential candidate than Wendell L. Willkie, but he added that Gov. Dewey has talked out of turn on many occasions.

## Even Eisenhower Likes His Mail

FORT BENNING, Ga., July 10.—(INS)—Gen. Dwight D. Eisenhower's morale is no different from that of any G. I., Joe, his wife declared today. Mrs. Eisenhower is visiting Fort Benning, where her son, 2nd Lt. John Eisenhower, now is undergoing a special basic officer's course at the Infantry school.

As others with loved ones in the armed services, Mrs. Eisenhower said she wrote the Allied commander faithfully. She said:

"Letters are by far one of the most satisfying ingredients for a soldier's morale as anything one could imagine. Why General Eisenhower's morale is no different from that of a G. I. he keeps his ear cocked for mail call as does any G. I."

## Six Scranton O.P.A. Officers Suspended

NEW YORK, July 10.—(INS)—The district director and five full-time key executives of the Scranton, Pa., OPA office were suspended and faced possible criminal charges today for alleged wholesale illegal trafficking in gasoline, sugar, shoe and food rationing certificates.

The suspensions were disclosed here by Regional Administrator Daniel P. Woolley, who instructed Regional Attorney Paul L. Ross to continue a searching investigation of the OPA officers and Scranton merchants, said to be involved in the conspiracy.

All evidence gathered by the OPA will be given into the hands of the U. S. attorney at Scranton as a basis for criminal action, Woolley said.

## Westminster Group At Evening Service

Dr. J. R. Neale of New Wilmington  
Speaks At Union Lawn Service  
On Diamond

Recordings of hymns played over the loud speaker system formed a musical prelude to the "Crusade for Peace" union church service held Sunday evening on the lawn of the First Christian church. The service was the second in a series of non-sectarian Sunday evening services sponsored during July by the Lawrence County Christian Endeavor Union under the auspices of the New Castle Ministerial Association.

Message of the evening was delivered by Dr. J. Ralph Neale of the New Wilmington U. P. church. "We ought to have courage in this time of testing" was the keynote of his message.

Several members of the Westminster college C. E. participated in the service. Rev. A. E. Simon of St. John's Lutheran church was the leader and young people of St. John's church were in charge of ushering.

Paul Musser of Westminster college was the director of music. William Anderson was accompanist.

Congregational singing of God Bless America and the pledge to the flag opened the service. Following this, Miss Jane Shepherd of the Westminster union sang a solo, the doxology was sung and a solo was sung by Miss Marian Shepherd, also of Westminster.

Prayer of the evening was written and led by Dr. Grant E. Fisher. Preceding the offertory solo sung by Miss Jane Shepherd, the congregation joined in singing "Lead On, O King Eternal." Dr. Neale's message followed.

A prayer hymn for men and women in service and benediction by Dr. Neale brought the service to a close.

The program of transcribed sacred music which opened the service was made possible through the courtesy of the Penn Power company. C. M. England was in charge.

Next Sunday evening, July 16, the third of the union church services will be held at 7:15.

## Eisenhower Warns About Optimism

Long And Bitter Fighting Ahead  
For United Nations Before  
End Of War

NEW YORK, July 10.—(INS)—Supreme Allied Commander Dwight D. Eisenhower today warned against growing optimism over the progress of Allied armies in Europe, predicting "long and bitter fighting before final victory."

His statement was carried in a pooled broadcast by National Broadcasting Company's reporter Merrill Mueller, speaking from supreme Allied headquarters.

## Robbers Get \$4,000 From Crap Shooters

PITTSBURGH, July 10.—(INS)—It's worth your money to get into an outdoor dice game in the Pittsburgh area these days—perhaps even your life.

For the second successive Sunday, armed robbers held up such a game this time getting away with an estimated loot of more than \$4,000.

About 65 men, including a group of soldiers, were rolling the dice on Lincoln Hill, near the Pittsburgh-Penn township line, when three of the participants suddenly pulled pistols and began shooting in the air while a fourth ran to a hidden shotgun and leveled it at the group. Except for a few who managed to get away amid the shooting, all the men were searched and their money taken.

The previous week, 20 men in a game near Elliptical were robbed of about \$300 by four masked men, three carrying pistols and the fourth a shotgun.

## Ecclesian Club Has Picnic Outing

Annual Summer Outing Held At  
Neshannock Falls For Members  
And Families

Ecclesian club members held their annual picnic Sunday afternoon at Neshannock Falls with a large crowd of young and old out for the perfect outing day.

A basket picnic was held, and the day was spent in swimming, fishing, tennis, soft ball game and horseshoe pitching. Other numerous pastimes were enjoyed during the day.

The sports program of races and contests were: 50 yard dash, 5 to 8 years; 100 yard dash, 8 to 12 years; 200 yard dash, 12 to 18 years; 400 yard dash, 18 to 25 years; 800 yard dash, 25 to 35 years; 1600 yard dash, 35 to 45 years; 3200 yard dash, 45 to 55 years; 6400 yard dash, 55 to 65 years; 12800 yard dash, 65 to 75 years; 25600 yard dash, 75 to 85 years; 51200 yard dash, 85 to 95 years; 102400 yard dash, 95 to 105 years.

Bill Marbacher, back yard race for boys, Tommy Houk, men's three-legged race, Vic Ross and Dick Basile, boys potato race, Dick Basile, men potato race, Bill Marbacher, egg throwing contest, Frank Zona and Bill Marbacher.

Girls 100 yards dash, Sylvia Reider, married men won the tug of war from the single men. Bob Haas and Joe Factor won the horseshoe pitching contest for the championship and the married men walloped the single men in soft ball game, the score being 19 to 5. Frank Haas was the pitcher for the married men, and Rev. Fr. John M. Unger hit a home run for the single men.

Frank Haas was the general chairman, Joe Factor was in charge of sports with Jimmy Barlett, Anthony Basile, Albert Cletta, Art Muller and Sam Ross as aides.

## Saipan Belongs To U. S. Forces; Toll Is Heavy

American Forces Capture All Of Saipan After 25 Days Of Bloody Conflicts

By RICHARD V. HALLER  
(U. S. Staff Correspondent)

PEARL HARBOR, July 10.—Complete conquest of Saipan Island, key to the entire Marianas chain 1,500 miles southeast of Tokyo, was being followed up today by elimination of disorganized remnants of Japanese defending forces.

Admiral Chester W. Nimitz, Pacific Fleet chief, announced that American Marines and Army Infantrymen completed the conquest of Saipan Saturday after 25 days of the bitterest fighting in the history of Pacific island warfare.

Capture of the 72 square mile island, from which B-29 Superfortresses may soon lash out at the Japanese homeland, came two days after organized units comprising several thousand Jap troops pocketed on the northern end of Saipan, launched a desperate but futile counter-attack in a last ditch effort to break the stranglehold of American forces.

### Futile Defense

Realizing the very threat of their homeland was threatened by the invasion of Saipan, Jap ground forces on the island fought a furious but failing battle ever since June 14 when United States Marines stormed ashore.

Every mile was fiercely fought as the Japs fought a delaying action from rocky passes, caves and prepared defenses. Between 10,000 and

12,000 Japanese troops were slain, a score of their ships sunk, many more damaged and more than 800 planes destroyed in the desperate defense of Saipan.

The victory, however, was won at a high price as the Second and Fourth Marines and the Army's Twenty-seventh division, comprising the invading force, suffered numerous casualties.

The overall total of American casualties has not yet been announced but in the first 14 days of the campaign, 1,474 Yanks were killed, 7,400 wounded and 878 listed as missing.

In the fanatical and suicidal counter-attack Thursday when the Japs tried to break out of their death trap, additional heavy casualties were incurred by American troops who killed 1,500 Japs in a violent dawn to noon battle.

### Jap Fleet Silent

The greatest sea armada the world has ever known covered the American ground forces in the Saipan campaign. So powerful is Admiral Raymond A. Spruance's U. S. Fifth Fleet that efforts of the Jap grand fleet to aid the Jap garrison on Saipan were abandoned.

The Saipan campaign actually began on June 10 when battleships, cruisers, destroyers and carrier bombers of the Fifth Fleet began bombarding the island in preparation for the landing four days later.

Since July 10, 884 Jap planes have been destroyed, and 37 probably destroyed; 17 ships sunk, the same number probably sunk, and 28 damaged.

During the campaign, 172 U. S. planes and 107 flying personnel were lost. Four American ships were damaged but not seriously.

As mopping up operations continued on Saipan, Admiral Nimitz announced that the two good harbors on the island will be used in every possible way to bring unremitting pressure against the Japs.

## Veterans Receive Aid From State

Eighty-two of the 2,097 unemployment compensation checks issued by the state treasury for the week ending July 7 were for veterans returned to civilian life from the armed forces, according to G. Harold Wagner, state treasurer.

Disbursements for district one were \$1,358, of which New Castle received \$359. Total disbursements for the state were \$31,787.50, Mr. Wagner said.

## Campers In Costume For Dinner-Dance

Dinner, Amateur Program And Square Dancing Make Full Evening At East Brook Camp

Bringing in a touch of sophistication to the outdoor atmosphere of East Brook camp, the girls held a dinner-dance Saturday evening for which they dressed in costume, some as girls and some as boys.

Following the grand march, prizes were awarded to Catherine Mahoney and Patty Bevan for the most original costumes, and to Patty Bevan and Joan Sovash for the best-dressed.

Counselors, also in costume, were the waitresses, serving the dinner and square dancing were the entertainment later in the evening. Swimming and games were on the schedule Sunday afternoon, with choral verse led by Miss Alice Goddard, dramatics counselor. Because of the heat the girls went swimming again in the evening, and under the leadership of the cabin council, held the candlelight service at the pool.

Members of the cabin council participating in the ceremony were Joan Long, Madeline Raub, Ann Koonce, Maxine Taylor, Joyce Johnson, Eleanor Hoxan and Mary Reinhard. Miss Jane Kerr, counselor, was in charge.

## Paper Collection Station Is Added In Shenango Twp.

Another waste newspaper collection station for Shenango township was named today by Collection Chairman Numa V. Vidal for the collection which takes place Saturday, July 15. The East New Castle fire department has been made as collection station in addition to Grim's store.

As the day of the collection draws nearer there seems to be decided public interest in the collection. All the old newspapers collected will be hauled to the Shenango Pottery which needs them in the manufacture of chinaware. The proceeds of the collection will go to the recreation fund for the Deshon General Hospital Annex in Cunningham Park.

Saturday, July 15, is the day and only newspapers are wanted. Magazines and box board are not included in the collection. Bundle them securely in bundles of about 15 pounds or less, place them on the curb Saturday morning before noon and trucks will stop at your home for the papers.

## Good Fighters All In Service

Promoter James Johnston  
Bemoans Fact No Good  
Fighters Left In U. S.

MANUEL ORTIZ  
IS BEST OF LOT

By PAT ROBINSON  
International News Service Sports Writer  
NEW YORK, July 10.—The safest place in the world today is to be found within the ropes of a professional boxing ring, according to James Johnston, the famous promoter of the famous boxer, Manuel Ortiz, who is now in the ring with a professional fighter from the gentle art of scrambling.

"All our good fighters are in the armed services," says the man of a few million words, "and most of the 4-Fs we have fighting in the ring now couldn't knock your hat off with a baseball bat."

"They never hurt each other and I know of three cases where boxers got themselves new managers but their managers had matched them with boys who had given them a black eye in my hall century as a boxer, manager, match maker and promoter. I've never seen a more harmless lot than we've got battling today."

Ortiz Is Best  
The one great exception is the bantamweight Manuel Ortiz of Los Angeles. He's the best bantam I've seen since the days of Terry McGovern."

The cocky little Johnston who divides his time between entertaining the wounded boys in hospitals and writing a book of off-the-record stories on fighters past and present, is amazed at the big time gates despite the war.

We've had fellows drawing \$100,000 gates at the Garden who wouldn't have made good semi-finalists before the war. Apparently, all these war workers have plenty of sugar to spread around and they'll go for anything. Imagine them laying it on the line to see a guy like Jimmy Davis in a main event with a washed-up guy like Henry Armstrong. Even old Flitzie Zivic can murder most of the bums we have around masquerading as fighters."

Louis Still Tops  
The boxer now in the army or navy or marines don't have to worry about these birds. Joe Louis could come out cold and flatten anybody we have around now in a round or two. So could Billy Conn."

We had only time to shoot in one question while Jimmy paused to draw a long breath. "Who are the best of the current crop of fighters?"

"Well," he said, "the best of the heavyweights is a fellow named Joe Baksi who learns slowly and may come along to be pretty good. There aren't any light heavies worth mentioning. Jake La Motta may be the best of a bad lot of middleweights. Ray Robinson probably is tops among the welters. Luke Costantino is a pretty fair lightweight. Willie Pep probably is best of the featherweights. And Ortiz is the one real battler in the country today."

Jimmy stressed the fact that nearly all the real fighters are fighting the bigger fight for Uncle Sam, and he added ruefully, "they're not getting much dough for it, but because they are doing it, the rest of us will live to see a lot of them in action in the ring again."

HARLOND CLIFT, veteran of 10 years in the major leagues, is coming back to baseball after staying out of the game all season. Clift, now with the Washington club after serving nine seasons with St. Louis Browns, joined the Nats in Chicago after flying from his home at Yakima, Wash. (International)

## Three Softball Games Tonight

Johnson Bronze Gets Test In I. A.  
Machinists At Cedar Street Field

Three industrial softball league games will be played this evening on three different fields in the city. The games will start at 5:45 o'clock.

The league-leading Johnson Bronze team will battle the I. A. Machinists at Cedar Street field in what should be the feature game of the night's card. Both teams have many star players in the lineup.

The Shenango Pottery will play the P. R. R. team at Marshall field, and the Universal Pottery will tangle with the Standard Steel Springs at Gaston Park in the two other games on the night's thrills-packed schedule.

Walker And Harris  
To Fight Tonight

PITTSBURGH, July 10.—(INS)—Joe Johnny Walker, hard-hitting Philadelphia Negro middleweight, was in Pittsburgh today with his heavy guns reloaded, for his 10-round rematch tonight at Hickey park, Millvale, with Ossie Harris, Pittsburgh Negro.

Walker, one of the sharpest punchers to slug in the Steel City this year, knocked Harris cold in the ninth round of their first meeting three weeks ago.

In the six-round semi-final, Sammy Parotto, hill district lightweight, meets Pedro Abarril of Mexico and in a second six, Joey Sanich of East Brady will do an encore with Jimmy Bagamery, Zelienople middleweight.

Frankie Abrams, Detroit welterweight, opposes Jesse Glynn of the hill; Buddy Samaroo, East Liberty lightweight, will go against Joe Fafello, south sizer; and Nicky Quack, also of the south side, will tangle with Eddie Hines, Hill featherweight, in four-rounders.

## Cards Increase Lead In League

Take Two From Braves Sunday Have Lead All Sewed Up For Fall Delivery

By JOHN CASHMAN  
International News Service Sports Writer  
NEW YORK, July 10.—(INS)—Mr. Branch Rickey, who on June 20 said that he failed to see the St. Louis Cards real superiority over his own Brooklyn Dodgers, today should be a trifle less befuddled. What Mr. Rickey calls a team is now 19½ games behind the Cards. The Dodgers equalled the longest losing streak of the campaign in dropping the opener to the Pittsburgh Pirates, 10 to 1. The second game of the twin bill was suspended because of Pittsburgh's Sunday baseball law, with the Pirates leading, 9 to 7 after eight innings of play. The Dodgers suffered under a first-game blast which withered Ed Head and Rube Melton, who were hit for eight runs in three innings.

Cards Win Two  
The Cards, meanwhile, took two from the Boston Braves, 1 to 0 and 9 to 0. Big Mort Cooper pitched the first shutout and Harry Brecheen followed up in the second. The Cincinnati Reds dropped the Philadelphia Phillies twice, 9 to 5 and 7 to 5. Although the Reds hit hard in both games.

The New York Giants dropped a pair to the Chicago Cubs, 6 to 2 and 1 to 0, and the Windy City boys once more left the cellar.

In the American league, the Browns consolidated their lead with a fair split with the Washington Senators. The Browns walked away with the first game, 10 to 0 as Tex Shirley turned in an artful two-hitter. The Browns, however, ran into trouble in the nightcap when Emil (Dutch) Leonard fed them only five hits to give Washington a 4 to 0 triumph.

The New York Yankees kept in the thick of the AL flag fight when they took two from the Detroit Tigers, 4 to 3 and 8 to 2. The Boston Red Sox and Cleveland Indians ended, the Indians taking the opener, 8 to 2, and the Red Sox winning the nightcap, 4 to 2.

The Philadelphia Athletics and Chicago White Sox split, the White Sox winning the opener, 4 to 3, and the A's taking the closing game, 8 to 2.

## Webster-Hockman Shoot Low Cards

Miss Jean Webster And Tucker Hockman Lead Golf At Castle Hills

Two exceptionally fine cards were turned in at the Castle Hills golf course during the week-end. Miss Jean Webster, 21, of 711 Young street, had a brilliant 39 card, three over women's par, and Tucker Hockman of Walnut, well-known local railroad man, had another scorching sub-par 71 round over the tricky 72 par Castle Hills layout.

Miss Webster has been playing golf for about 12 years and has finally arrived in the "big league" being rated as one of the finest women golfers in the city along with Mrs. Freda Nolan. Miss Webster's card read 535-454-364-39, over the front nine.

Tucker Hockman, just a week ago on the Fourth of July, also blizzed in a Castle Hills fairways and greens in a scorching 71, and playing with Jack Halabe of Youngstown and Clarence McGaffie of this city Saturday, duplicated his feat, just missing a 69 card by inches when putts stopped on the lip of the cup on a couple of holes. Hockman's sub-par card reads 434-354-334-35, over 444-354-334-36 in Halabe had a 77 and McGaffie 78.

Both Miss Webster and Hockman are highly favored to cop the women's and men's championships at the Castle Hills course this summer.

## Stella Walsh Is Track Meet Star

HARRISBURG, July 10.—(INS)—Stella Walsh, 33-year-old Polish-born track star from Cleveland, O., was still queen of the amateurs today after walking off with top honors and three titles in the 21st annual women's national AAU championships at Harrisburg.

She not only retained her crowns in the broad jump and 100-meter run but set a new national AAU record Saturday for the 200 meter sprint. Miss Walsh clocked off the furlong in 24.6 seconds. She won the 100-meter run in 12 seconds and in the broad jump leaped 17 feet 11 and 1-8 inches.

When the 11 events scheduled by the host club, the Harrisburg AAA, had been completed, Miss Walsh had won the Rotary club trophy with 30 points. She just posted out Alice Coachman, fleet-footed Negro from Tuskegee (Ala.) institute, who finished with 28 points.

WILL RESUME LEAGUE  
After being idle last Tuesday on account of the Fourth of July, the Elks club golfers will journey to the Sylvan Heights course tomorrow night for a resumption of league play. The league is attracting quite a bit of interest among the Elks club members.

## Penn State Drops Six Minor Sports

STATE COLLEGE, Pa., July 10.—(INS)—Six sports have been dropped for the duration of the war in an effort to economize at the Pennsylvania State college. Niel M. Fleming, graduate manager of athletics, announced today.

Eliminated were swimming, tennis, golf, gymnastics ice hockey and cross country. Schedules have been retained for football, baseball, basketball, soccer, boxing, wrestling track and lacrosse.

Fleming pointed out that shrinking revenues coupled with war time travel difficulties prompted school officials to suspend the six sports.

## Legion Team To Play Sharpsville In First Series

District Play For Legion All-Star Team Will Start On July 18, Moffatt Is Informed

Manager Earl C. Moffatt, of New Castle American Legion team, has been notified by J. R. Breen, western vice chairman of American Legion junior baseball, that the New Castle team has been paired with the Sharpsville Junior Legion team for a three-game series, July 18, 20 and 21.

Manager Harry D. Peby, of the Sharpsville team, to have the first game played here at Marshall field, and is awaiting word from Mr. Peby.

The winner of this series will play the winner of the Ford City-New Kensington series, on July 26, 27, and 28.

The local team picked from the cream of the American Legion Junior League, is coached by Jewie Coen and Joe Hartman, two former minor league stars, and has great promise of going far in the state series.

In preparation for the coming series, the Legion All Stars will play the Keystone A. C. team at 6:15 o'clock this evening at George Washington field.

## Larry Conover Is Again Life Guard

STATE COLLEGE, Pa., July 10.—This is Larry Conover's 25th consecutive summer as a life guard at Atlantic City.

The former Penn State football player and coach is captain of the patrol at Lincoln Place, where many World War II wounded battle daily. This fall, Conover will again return to the National League as a pro grid arbiter.

## Pittsburgh Takes Care Of Umpires

City Dads Refuse Permit For Californians To Distribute Oranges At Ball Game

PITTSBURGH, July 10.—(INS)—The umpires will no doubt have their troubles at the sell-out All-Star baseball game at Forbes Field next Tuesday night, but at least they won't be ducking big, juicy California oranges thrown from the stands.

And for that they can thank a Pittsburgh city ordinance. No one is exactly sure which ordinance it is, but it comes under the general heading of public safety, and for the occasion, umpires are generously classified as part of the public.

We planned to distribute an orange to every person entering the ball park," explained M. Austin King and Jack M. Stone of San Bernardino, Cal., "but the city said we'd better not that somebody (meaning umpires) might get hurt."

Instead, the California good-will ambassadors are going to give a crate to each of the players in the annual All-Star classic.

King, sales manager of a Bernardino radio station (KFXM) and Stone, department manager for the San Bernardino Air Service Command, brought a half-carload of the fruit to Pittsburgh to advertise their home county.

The junket was sponsored by the Argonauts, a San Bernardino civic club, and will be repeated each year to the site of the All-Star game, they reported. They feel particularly at home in Pittsburgh because the Pirates trained at the war and the ODT interfered.

## Edinburg Tigers Streak Is Ended

Edinburg Tigers baseball team enjoyed a winning streak that has extended from the beginning of the season and has run through at least 20 games, but everything must end sometime and the East Brook Boosters turned the trick yesterday 8 to 3 at Edinburg field.

Fox on the hill for the East Brookians allowed ten hits, but kept them scattered and fanned nine men, while Leeper on the knoll for Edinburg gave seven hits and fanned 15 men.

Six errors hurt the Edinburg chances of winning. Heavy hitters in the game were: Fox, Mayberry and Leeper, the latter with three singles.

## Flintall's Hit Wins For Bronze

Pitcher Hits Single Which Gets Way From Coulter In Ninth

PLAY SECOND OF SERIES WEDNESDAY

Johnson Bronze captured a leg of the first half championship of the City Baseball league by beating the Local Moose eight to seven in the initial set of a three game series at Marshall field yesterday. With the score deadlocked in the last half of the ninth Flintall singled scoring Kendra with the winning run from third base. It was a free-hitting game with a total of 28 hits. Ferranti hurled for the Moose.

Each team scored in the fifth. The Bronze came through with three more in the seventh. The Moose scored their second run in the eighth and the Bronze came back in their half with three more making the score seven to two.

In the first of the ninth, the Moose staged a vicious attack. Before the crack of their bats had died down and the dust had settled around the bases they had scored five runs to tie the score, seven-all.

Fly Gets Away  
Kendra brought the large crowd to their feet when he got on base his third hit of the game and when on third they were electrified when Flintall, Bronze pitcher found Beattie's range and hit a high fly.

Coulter figured he could get easy but a queer quirk of the wind made things different. The ball came down but not in his glove, bounced then rolled. However, the hit was made the park which robbed Flintall of a home run. It was a single and the winning blow of the game.

The Bronze was the home team yesterday. The Bronze and Moose will play the second of the hot series at Lee avenue Wednesday evening, with the Moose, the home team.

## More Monuments On Public Square?

Or Will Memorials For World War Take Different Trend?

Guess quick how many monuments are there on the Public Square, and who are they honoring? Chances are you won't know, yet most of the persons whom a nosy reporter stopped and asked: "Do you approve of these monuments?" answered, "Sure, it's a good idea to have them."

Altogether there are six monuments in the square, four in the first block and two in the second. When you come into the square from the main shopping section, a black stone cannon with the words, "Silent Defenders" on the side is the first one you pass, and then a large granite stone with a metal plaque inscribed with Lincoln's Gettysburg address.

**Center Shaft the Largest**  
Most obvious of all the monuments is the large granite shaft in the center, surmounted by the figure of a Union soldier. On the east side of the base is the inscription, "Erected to perpetuate the names and memory of the soldiers, citizens of Lawrence county, who gave their lives for their country in the War of the Rebellion."

On the north, west and south sides of the base are names familiar to every school child: Bull Run, Antietam, Frederickburg, Chickamauga, the Wilderness, Shiloh, the March to the Sea, and above the battles are the names of those who were killed.

**Spanish-American War**  
The fourth stone in the first block has on it a metal cross dedicated to those who fought in the Spanish-American war. In the center of the second block is a stone in memory of the men killed in the first World War, and beneath the dedication, almost hidden by shrubbery, the poem, "In Flanders Field," is inscribed.

A large billboard stands at the west end of the square. It merely gives notice that the World War German gun formerly in that place has gone to war again, and that some day a Jap gun will be along to take its place.

Seldom noticed by those who walk through town, the stones may or may not be the best way of honoring soldier dead.

"Aren't they out of style?" one girl wondered.

"I think we ought to honor them by setting up monuments that will do some good, instead of having dead stones for dead men," said one man. "Scholarships or hospitals or something."

But most of the people walked past the monuments and said: "Sure, they're all right."

## Over 2500 Acres Are Reforested

HARRISBURG, July 10.—(INS)—

More than 2,500 acres of private land were reforested in the spring with nursery stocks of the Department of Forests and Waters, according to Secretary James A. Keil.

The department filled orders for 3,606,000 seedlings and transplants and 3,260 ornamentals, he said. Eighty per cent went to farmers for replenshing woodlots being cut for the war effort and for watershed protection.

The number of plantings this year decreased from last year's 660,423 young trees set in 3,000 acres, it was added, "due to the scarcity of labor."

Varieties distributed included: Conifers: Red, White, Pitch and Bark Pine, Norway and White Spruce, Hemlock and Japanese Larch; hardwoods: Black Locust, Black Walnut, Red and White Oak.

**TREASURY BUSY**

Saturday morning was one of those mornings for the county treasurer's office. Folks are paying their county taxes and a host of them picked Saturday morning to do it.

**OVER 200 REGISTERED**

From the estimated returns of the registration Friday, July 7, it seems likely there will be about 6400 military ballots sent out from Lawrence county. About 200 were registered at the polls on Friday and to this is added the more than 6100 whose names were secured by the military ballot canvass.

**MORE BUILDING TROUBLE**

Another headache confronts the commissioners in the county home. This time it is the floor covering. Last time it was the fire wall, and before that the pipes that had been almost eaten away in ashes.

The floor covering in the halls and rooms is of magnesite, a composition something like asphalt. In the past several years there have been breaks in it and repairs have been made, always costly.

A few days ago repairmen went out to the home to fix some more breaks and found that the whole floor covering is breaking down. It appears that all the floors will have to be recovered after the war and this will cost something around \$15,000 it is estimated.

## New Air Training Program Drafted

MIDDLETOWN, Pa., July 10.—(INS)—Working from the most complete listing of non-military pilot talent yet compiled in World War II, a screening board of the Army Air Forces training command at Middletown air depot has drafted a new AAF training program for former civilian flying instructors.

The group, headed by Lt. Col. Henry G. Barrett, is one of 10 regional screening boards located at

strategic points throughout the nation to outline the program to men who until recently were working as civilian flight instructors at civilian contract and CAA-WTS flying installations.

A special staff at training command headquarters in Fort Worth, Tex., is working overtime to compile names and addresses of the country's 10,000 civilian flying instructors.
